Subject: Practice Gap - Family Medicine- M&M
Date: Thursday, November 4, 2021 3:49:15 PM

Contact Name *	Ashley Higinbotham
Contact Email *	ashley.higinbotham@wvumedicine.org
Activity Title *	Family Medicine– M&M
Program Date/Range: *	Thursday's once per block
Type of Activity *	In–Person Live RSS–Regularly Scheduled Series – such as grand rounds, weekly conferences, case conferences, etc
Knowledge needs improvement / change: (The participants don't know "what" to do...) *	Yes
What subjects / topics will be included in the activity that will allow participants to increase knowledge in those areas? This course will help participants improve or change knowledge related to: *	Management of patients during hospitalizations; common causes for patient readmission to the hospital within 30 days; medical errors during hospitalization
Competence needs improvement / change: (The participants don't know "how" to do it...) *	Yes
This activity will help participants improve or change their competencies to accomplish the following: *	Improve quality of patient care during hospitalization including medical management; identification of common causes for patient readmission and development of strategies to limit patient readmission to the hospital within 30 days.
Performance needs improvement / change: (The participants "just don't" do it, for some reason...) *	Yes
This activity will help participants improve or change their performance of the following tasks: *	Improve hospital readmission rates and decrease medical errors in patient care; implement changes to decrease medical errors during hospital stay
Will the educational objectives reflect these desired changes? *	Yes
Is this activity designed to improve patient outcomes? *	Yes
If so, how? *	Improve hospital readmission rates and decrease medical errors in patient care.
Check the needs documentation that you used in selecting these topics.	<ul style="list-style-type: none"> m&m reports (attach examples)

Attach documentation as described. *

Has an evaluation of a similar previous activity been reviewed? *

No

Why does this Gap between current and desired practice exist?

The gap exists because the M&M report/cases and resulting educational opportunities need to be disseminated to a larger audience within our department.

How will this activity help close the practice gap / fix the identified problem(s)?

By discussing M&M cases with more members of the Family Medicine faculty and reviewing the most up-to-date best practice guidelines for the medical complications in each case, faculty and resident will provide better quality care to patients on hospital service.

This activity should improve:

- Competence
- Performance
- Patient Outcomes
