

# WVU Cancer Institute Project ECHO

## Addressing Mental Health Needs Across the Cancer Continuum

ECHO Series Objectives: Following this series, participants should be able to:

- Discuss patient presentation and general questions regarding cancer prevention, early detection, treatment, and survivorship.
- Identify both current best practices and research findings that may impact prevention, detection, and treatment of cancer.
- Explain the benefits of prevention and early detection for the treatment and quality of life for cancer patients.

Daniel E. Elswick, MD

The West Virginia University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The WVU Office of CME designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This continuing education activity has been provided by the West Virginia University School of Nursing for 1.2 contact hours. The West Virginia University School of Nursing is an approved provider of continuing education by the State of West Virginia Board of Examiners for Registered Professional Nurses, Legislative Rule § 19CSR11-4 under provider number 50-26086.

All those in a position to control content of this program have indicated that they have no relevant interests to disclose.
