

*WVU Cancer Institute
2025 Biennial
Lung Cancer Conference
July 18, 2025*

WVU Cancer Institute
MARY BABB RANDOLPH CANCER CENTER

COURSE DESCRIPTION

This one day conference will cover topics including updates in treatment options, supportive care, patient issues, and social determinants of health. This conference is designed for physicians, nurses, advanced practice professionals, and others involved with lung cancer who have an interest in the management of quality of life challenges for lung cancer survivors as well as current lung cancer therapies and multidisciplinary management.

CONTINUING EDUCATION

The WVU School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The WVU Office of CME designates this live activity for a maximum of 5.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This continuing education activity has been provided by the WVU School of Nursing for 6.6 contact hours. The WVU School of Nursing is an approved provider of continuing education by the State of West Virginia Board of Examiners for Registered Professional Nurses, Legislative Rule #19CSR11-4 under provider number 50-26086

EDUCATIONAL OBJECTIVES

At the conclusion of this conference, participants should be able to:

- Describe at least two ways mobile lung cancer screening can help patient adherence to screening recommendations,
- Identify at least one conversation measure that can support lung cancer screening uptake during a patient-provider shared decision-making discussion,
- Explain how West Virginia's lung cancer incidence, mortality, and survival rates compare to those of other states and the nation,
- Recognize EBIs appropriate for specific geographic areas based on ruggedness, rurality, and other small area catchment data characteristics,
- Discuss timing of molecular biomarker testing,
- Recognize the difference between the different types of oligometastatic disease, and
- Evaluate the effectiveness of using Facebook-targeted advertisement to engage and motivate high-risk individuals to complete lung cancer screening.

LOCATION

The Erickson Alumni Center
1 Alumni Drive
Morgantown, WV 26506
304-293-4731
